

ANNUAL REPORT

2018

*The Board of Trustees of the
Philippine Wood Producers Association, Inc.,
by unanimous concurrence, submits herewith the
Statement and Annual Report of the Chairman of the
Board of Trustees as its Report to the
Members of the Association
for the year ended December 31, 2018.*

CHARLIE H. LIU
Chairman

Vision

A strong and dynamic organization committed to the economic and environmentally sound development of the Wood Industry in the Philippines

Mission

In partnership with government and all concerned stakeholders, we shall:

- Conserve and protect the environment through the sustainable management of natural and plantation forests;*
- Utilize technology and best practices for the production of high quality wood products at competitive prices;*
- Promote and encourage the use of high quality wood products;*
- Work for appropriate legislation and good governance to ensure the sufficiency of wood resources and enhance the competitiveness of the wood industry;*
- Contribute to the well-being of workers and communities where the wood industry operates.*

About the cover: A veneer of (*Shorea laevis* Ridl.). Yakal is a tree with a vast, irregularly diffuse, cauliflower-shaped crown; it is capable of growing up to 75 meters tall. The stout, often twisted bole can be up to 240cm in diameter with stout, prominent buttresses up to 6 meters high and 4 meters outwards. The tree is harvested from the wild for commercial use of its resin and timber. The tree is classified as 'Least Concern' in the IUCN Red List of Threatened Species (2010).

Governance

Philippine Wood Producers Association Participates in the Discussion of Sustainable Forest Management SFM Bill

Preliminary Meeting on the Drafting of SFM Bill

The Philippine Wood Producers Association (PWPA) attended the preliminary meeting on the drafting of the SFM Bill on January 6, 2018 at the University of the Philippines at Los Banos, College, Laguna.

Chaired by SFFI National Council President Tommy Valdez, he said the meeting is very important to assist the House Committee on Natural Resources in facilitating the passage of the Bill into law. He added that he hopes that this team will be able to prepare a bill that covers all aspects that will improve the status of the Forestry sector.

Forester Manuel Escasura presented the outline based on the bills submitted to Congress. He said that the outline is drafted in such a way that the purpose of the Bill will be met hence there were re-arrangement of the sections of the bill submitted.

Several suggestions in the development of the bill were made including the re-visiting of the Sustainable Forest Ecosystem (SFEM) Bill which passed during the last Congress however, it was agreed that the focus of the consolidation will be the bills that were submitted and some of the sections in the SFEM bill could be considered during the deliberation and consolidation meeting with the NGOs and civil society.

A line by line review of the bills were made that resulted to rephrasing and revising some of the sections of the bill. Because of its lengthiness, it was decided to distribute to the Team members the different articles and sections based on their capacity, experiences and involvement.

The PWPA was tasked to comment on the Chapter on Forest-Based Industries but can also make comments on other relevant chapters.

The consolidation meeting with the civil society organizations and the House Committee on Natural Resources was scheduled on January 26-27, 2018 at the UPLBCFNR, College, Laguna.

UPLBCFNR Dean Willie Abasolo will provide for the room for the said meeting.

The meeting was attended by former UPLB Chancellor Rex Victor Cruz, former DENR Usec Rene de Rueda, Dean Abasolo, SFFI National President Valdez and Vice President Joey Austria, FDC Director Priscila Dolom and staff, PRC Board for Foresters Chairman Neria Andin and members, PWPA and other SFFI members.

Joint Meeting with the Civil Society Organizations for the Consolidation of the SFM Bill

SFFI National Council President Tommy Valdez chaired the joint meeting of the sustainable management and the Civil Society groups on January 26-27, 2018, UPLB CFNR, College, Laguna. The purpose of the meeting is to consolidate the bills on SFM submitted to the House Committee on Natural Resources.

Members of the House Committee on Natural Resources were also present to provide guidance and other necessary information in the consolidation of the bills.

Foresters Manny Escasura and Joey Austria provided the framework and outline of the bill that was consolidated by the sustainable management group which became the basis of discussion.

As what happened during the previous Congress, there were debates from the two groups pushing for what their interests were however compromises were made to make it acceptable to both groups.

House Committee on Natural Resources Secretary Raul Terso said that the meeting is a good exercise for the groups as they were able to agree and disagree on some issues but has reached compromises. His team also shared their opinions and views on the consolidated version of the bill.

However, due to limited time, the discussion was not completed and agreed that another meeting will be set for the purpose.

Representatives from Haribon Foundation and Tanggol Kalikasan composed the conservation team while representatives from the SFFI, PWPA, PRC Board for Foresters and UPLB CFNR FDC for the SFM team. There were no representatives from the DENR-FMB who attended the meeting. The PWPA was tasked to comment on the Chapter on Forest-Based Industries but can also make comments on other relevant chapters.

Report to the Members

Review & Writeshop of the SFM Bill

The sustainable management group met again for a review and writeshop of the consolidated SFM bill last May 11-12, 2018 at the Abagatan Ti Manila, Alfonso, Cavite. The purpose of the activity is to consolidate the bills assigned to the group.

Sustainable management group writeshop for the consolidation of the SFM Bill.

The review and writeshop also considered the different issues and concerns discussed during the previous meeting with the Civil Society Organizations. After the meeting at the UPLBCFNR, College Laguna last January 2018, another two meeting with them were made last February 27, 2018 and March 13, 2018 at Brentwood Suites, Quezon City and DENR/FASPO, Quezon City, respectively.

SFFI President Forester Tommy Valdez said that though the both groups have met, he feels that the sustainable management group needs to complete first their consolidation before pushing for the complete consolidation process. Then, Forester Manuel Escasura made a presentation of the output of the consolidated bills.

Before the workshop, former UPLB Chancellor, Dr. Rex Cruz get the consensus of the participants in coming up with the new SFM Bill version and the agreement made are as follows: a) The bill should be concise, brief; b) Duplication should be minimized; c) Definition should only include terms used in the bill

DENR requirement to be streamlined; d) Permitting of Forest-based Industries to be transferred to DTI Establishment of Forest Certification System; e) Incentives; f) FMB as a line Bureau or an alternative scheme so they function as a line bureau; g) Retain provisions where the group agree hence, identified important provisions in the bill.

Dr. Florentino Tesoro also suggested that since the

consolidated bill is a product of many stakeholders, the different writeshop group may shorten the different provisions assigned to them which can be reviewed later.

Three groups were created to work on different provisions and a preliminary review of the output was made after the workshop.

Dr. Manuel Bonita made an observation of the results of the workshop and further suggested to review the outline of the bill as agreed by the group. He also suggested other important provisions that were not included in the outline.

With limited time, Forester Escasura was requested to fill up the outline with the other outputs of the group and then to submit it to DENR-FMB so they can review further and input other important provisions. Another meeting to finalize the group's consolidated bill was scheduled on June 7, 2018 at the DENR-FMB, Quezon City.

Finalization Writeshop of the SFM Bill

Sustainable management and conservationist groups joined together in the SFM Bill writeshop.

Society of Filipino Foresters Inc. (SFFI) National Council President Tommy Valdez chaired the Finalization Writeshop of the SFM Bill last July 20-21, 2018 at Sequoia Hotel, Quezon City. He said that he hopes that the output will be a clean draft or substitute bill that can be submitted to the House Committee of Natural Resources (Natres).

SFFI staff Forester Randy Nunez provided the rationale and some house rules followed by PWPA Executive Director and SFFI National Council Treasurer Maila Vasquez reading the provisions of the bill while the group provide comments line by line.

Report to the Members

Different views, comments, and suggestions were made during the writeshop but in the end the group have agreed on the changes made on the substitute bill.

House Committee on Natres Secretary Terso said that he is happy to see that there is already a bill that will be submitted to the Committee. He said he is targeting December of 2018 the latest to reach the first reading. He said that the bill is one of the priority bills and once the bill is approved by the sponsors/authors, he will give the same bill to the Senate so they may be able to also study the bill for their counterpart.

After the deliberation of the bill, the group requested Forester Tomas Kabigting to input the other provisions agreed by the group which is in the draft bill they submitted.

Representatives from the CSOs, UPLB FDC, DENR, DENR-FMB, UPLB CFNR, PWPA, SFFI members, Foresters Rex Victor Cruz, Manny Bonita, Marlo Mendoza, Neria Andin and Antonio Contreras attended the finalization writeshop.

Presentation of the Substitute SFM Bill to the Members of House's Committee on Natural Resources

Substitute Bill Presented to the House Committee on Natural Resources

The House Committee on Natural Resources called for a meeting for the presentation of the substitute SFM Bill last August 8, 2018 at Mitra Bldg., Batasan Complex, Quezon City.

House Committee Chair on Natural Resources Rodrigo Abellanosa, 2nd District of Cebu City, said that the substitute bill for the seven (7) SFM bills that were file at the Committee.

He requested the authors present, Representatives Lawrence Lemuel H. Fortun of the 1st District of Agusan del Norte, Teddy Brawner Baguilat of the Lone

District of Ifugao and Arthur R. Defensor of the 3rd District of Iloilo, to make comments and/or suggestions on the submitted substitute bill but they requested to hear the presentation before they will make necessary comments and recommendations.

SFFI National Council President Tommy Valdez started the presentation with the AVP Forest is Life and then followed by For. Tomas Kabigting for the technical presentation. He made a presentation on the salient provisions of the Bill and the expected outcome.

The salient provisions of the Bill are as follows: a) Promotion of general welfare and social justice; b) Ensures a balance & healthy ecology; c) Watershed-based planning; d) Forest Management Unit; e) Enhancing ecosystems services; f) No cutting in the natural forest; g) Inclusive governance, involving all forest stakeholders; h) Proper Forest Valuation; i) Promoting plantations (preferably indigenous species); j. Climate change adaptation & mitigation; k) Promotion of wood biomass as renewable energy; l) Security of tenure for stakeholders; m) Third Party Forestry Certification System; n) Strengthening FMB as a Line Bureau; o) Professionalism in the Forestry service; p) Liberalized harvesting & transport mechanisms on planted forest resources; and q) Approved ADSDPP-based IP utilization of forest resources.

The expected outcomes of the Bill are:

- Protection of forest lands can produce critical ecosystem products and services such as clean air, fresh water for irrigation and urban use, climate change adaptation, etal
- Establishment of sustainable forest plantations will sustain supply of legal timber; generate revenues; create jobs, save import expenses on wood products, etal; and
- Equitable distribution and sharing of benefits from outcomes of protection and production forests

The authors congratulated the team for having a shortened consolidated bill. Their inquiries are more on the provisions about the forest management units and the structure of the Forest Management Bureau if it becomes a line Bureau. They said that the mandates and the structure should be explicitly included in the Bill so that there will be no more problem in the implementation once approved.

Report to the Members

Congressman Baguilat also said that he is happy to see that the CSO and the sustainable management groups have built a good relationship unlike before that there are clashes of interests.

With the suggestions of the authors, another pre-TWG meeting was scheduled on August 13-14, 2018 at SRPC Conference Room, San Roque, San Manuel, Pangasinan with House Committee Secretary Raul Terso.

PWPA joins Technical Working Group on Executive Order No. 318

Orientation and Levelling-Off

On July 6, 2018, the Technical Working Group (TWG) on Executive Order 318, known as “Promoting Sustainable Forest Management in the Philippines,” had its orientation and levelling-off to its members held at the Department of Environment and Natural Resources Forest Management Bureau (DENR-FMB), Quezon City. EO 318 was issued in 2004 but no Implementing Rules and Regulations (IRR) was developed. At present, while waiting for the SFMA bill to pass, the IRR is being developed so that it can be used in the implementation of SFM in the country.

The TWG members will be preparing the Implementing Rules and Regulations of EO 318. The project is funded by the EU-FAO FLEGT Programme.

For. Remedios Evangelista of the Forest Plans and Standards Section of the DENR-FMB thanked and welcomed the members of the TWG who will prepare the IRR of the EO 318. She said that the project will be helpful while waiting for the passage of the bill on Sustainable Forest Management Act.

After simple introduction of the members of the TWG, Forestry Development Center (FDC) Director Priscila Dolom gave the overview of the project followed by the terms of reference of the TWG members by Ms. Hanna Leen Capinpin.

Director Dolom then proceeded with the presentation of the draft IRR developed by the FDC group which will be the working document of the TWG members. She said that the draft IRR has already been presented at the FMB expanded execom meeting. She said that a 2-day writeshop will be scheduled to do the finalization of the IRR and that they will provide the members with a soft copy of the draft IRR so they maybe able to make comments/suggestions so that it will be done easier during the writeshop.

All members of the TWG agreed to have the writeshop on August 17-18, 2018 at Los Banos, Laguna.

After the open forum where issues and concerns were noted by the Secretariat, Director Dolom gave the final message and thanked everyone who attended the meeting.

TWG EO 318 Writeshop

As agreed during the orientation and levelling-off meeting, the TWG EO 318 writeshop was held last August 17-18, 2018 at Splash Mountain Resort, Los Banos, Laguna.

UPLB Forestry Development Center (FDC) Director Priscila Dolom welcome and thanked all participants who attended the writeshop. She said that it is being conducted as one of the activities in the EU-FAO FLEGT Roadmap. Once the IRR is approved, this can be used while the SFM Bill is still pending in the Congress.

To make the writeshop effective and efficient, the group was divided into 6 groups following guiding principles of the SFM, namely: a. Delineation, classification and demarcation of forestland; b. Holistic, sustainable and integrated development of forestry resources; c. Community-based forest conservation and development; d. Incentives for enhancing private investments, economic contribution and global competitiveness of forest-based industries; e. Proper valuation and pricing of forestry resources and financing SFM; and f. Institutional support for SFM.

With the inputs provided by the UPLB FDC on the draft IRR, the participants were able to study and consider the different policies being implemented and the recommendations for the improvement of some policies.

During the presentation of the output of the different groups, comments and suggestions of their co-participants were considered especially on the delineation, classification and demarcation of state of forestlands and the holistic, sustainable and integrated development of forestry resources.

After the consolidation of the outputs, the TWG 318 will call another meeting to refine the draft IRR and then will be subjected to another consultation in the region so that the field offices and the local stakeholders will be appraised of the IRR and also get the comments/recommendations from them.

Report to the Members

After getting all comments/recommendations from the region, it will be subjected to a national consultation for finalization and submission to the DENR for approval.

Presentation and Review of the Draft IRR with Comments from the Region

The TWG 318 convene last December 18, 2018 at the INREMP Conference Room, FMB, Quezon City to review the comments made by the regional stakeholders. The meeting was chaired by FDC Director Priscila Dolom.

The objectives of the meeting were to present the output of the regional dialogue made and make further review on the draft IRR.

After the documents were presented, the members of the TWG reviewed the different comments and recommendations of the regional stakeholders. Discussion on whether the comments and recommendations have conflicts or overlaps with existing guidelines or programs.

Based on the discussion, the FDC will be rewriting the IRR and will present it again to the members before its final presentation to the national dialogue where other stakeholders of the forestry sector will be invited.

PWPA Speaks during the Awareness Seminar on Wood Legality, Forest Certification and Sustainable Forest Management

The Philippine Center for Environmental Protection and Sustainable Development, Inc. (PCEPSDI) and the Department of Environment and Natural Resources Forest Management Bureau (DENR-FMB) jointly organized the Awareness Seminar on Wood Legality, Forest Certification and Sustainable Forest Management at the SMX convention Center, Pasay City last March 8, 2018. The Seminar aims to provide awareness on what the Philippines is doing about wood legality, forest certification and sustainable forest management.

Representatives from the government, the private sector, non-government organization, professional organizations, among others, attended the Seminar. Many PWPA members attended the seminar.

Speakers from the FMB, Food and Agriculture Organization, Phil. (FAO PH), Philippine Wood Producers Association, Inc. (PWPA) and the Society of Filipino Foresters, Inc. were invited to give updates

about the topics however, due to some unavoidable circumstances, only speakers from FAO PH and PWPA were able to provide their presentation.

PWPA Executive Director Maila R. Vasquez made a presentation about forest certification and updates on the status of the development of national chain of custody standards while FAO Forestry Specialist Karl Villegas presented about the program of the EU-FAO FLEGT in the country.

With time being available, PWPA requested and was allowed to show the PWPA video of Chair C. H. Liu talking about tree farms and forest plantation for inclusive growth.

During the open forum, someone made a comment that the seminar was really a revelation to him because of the video presented which advocates for the use of wood as they were informed that there is no more available wood in the country hence to stop using wood. He was informed that there is still available wood but are imported already hence the PWPA is advocating for the development of more tree farms and forest plantations so there will be local wood available which will provide inclusive growth in the country.

The program was closed by PCEPSDI Executive Director June Alvarez.

International Relations

PWPA at the PEFC SEA NGB Regional Workshop

The Philippine Wood Producers Association (PWPA), Inc. attended the Programme for Endorsement of Forest Certification (PEFC) Southeast Asia (SEA) national Governing Board (NGB) Regional Workshop last October 1-2, 2018 at the Rose Hotel & Lao Plaza Hotel, Vientiane, Lao PDR.

The workshop is a collaboration workshop with the Forest Certification National Governing Board in the Southeast Asia Region.

The theme of the workshop revolves around the strengthening of the NGB collaboration with their counterparts in the SEA region. NGB representatives will identify possible or potential opportunities for collaboration with their counterparts.

Mr. Remi Sournia, PEFC Development Manager and

Report to the Members

Mr. Richard Laity, SEA Projects and Development Officer, led the workshop with other PEFC staff.

Representatives from different NGB make a presentation to update PEFC of the status of the NGB and Forest Certification system development in their country.

Mr. Laity informed the participants that they are working with the ASEAN Consultative Committee on Standards & Quality (Working Group 2) and if the NGBs will be able to inform them of their needs, the PEFC can get funding so they can provide assistance to support NGBs in the development of the necessary infrastructures to facilitate the development of the Forest Certification System (FCS).

The NGB representatives identified several requirements and also events that they are holding which NGB members of other countries may participate.

With the list, PEFC requested the NGB representatives to prioritize so that activities may be done in phases.

During the second day, the group joined the ACCSQ WG2 in their meeting where PEFC presented the output of the Day 1 workshop.

NGB representatives also met with their country representative and also presented an update of the development of FCS in their country, their needs and their outlook for the next five years.

A filed trip to Burapha Agroforestry Co. Ltd. ends the workshop where it demonstrated how certification works for their company.

PWPA Joins Regional Workshop on the Development of Voluntary Code of Conduct for Forest and Timber Companies

The Philippine Wood Producers Association (PWPA), Inc. together with Department of Environment and Natural Resources – Forest Management Bureau join other ASEAN countries in the regional workshop on the development of voluntary code of conduct for forest and timber companies last October 30-31, 2018 at Oakwood Hotel and Residence, Kuala Lumpur, Malaysia.

The workshop is a collaboration of the EU FLEGT Facility with the ASEAN Secretariat and the Malaysian Timber Industry Board as the ASEAN Forest Products Industry Council (AFPIC) Secretariat workshop with the Forest Certification National

Governing Board (NGB) in the Southeast Asia (SEA) Region.

The output of the workshop will be a key deliverable of the ASEAN Cooperation in Forestry for year 2019 pursuant to the 21st ASOF Decision based on the priority activity of Strategic Thrust of FLEG in ASEAN.

Representatives from different Forest and Timber companies and organizations from ASEAN member countries (Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Thailand and Vietnam) were present together with their government counterparts.

ASEAN Secretariat and the EU-FLEGT Facility representatives provided the participants with an update on the ASEAN Policy Framework on Forest Law Enforcement and Governance (FLEG) and Future Directions; Trends in ASEAN Timber Trade; and Regulatory Measures against Illegal Timber in Key Markets.

Indonesia, Thailand and Vietnam representatives also made presentation of their Import Legislation implementation/control.

There was a workshop on the Draft Voluntary Code of Conduct for Forest and Timber Companies and after thorough deliberation, hearing the views and comments from the participants especially the private sector, it was agreed that the following elements of the Voluntary Code of Conduct will be adopted as draft and the private sector will get the comments of the other members of their organization do that their views and comments will also be considered:

- Companies shall be responsible for purchasing only legal timber and timber products.
- In importing timber and timber products, the companies should prove the legality of the timber and timber products.
- The evidence of legality is original or copy of valid and authentic documents and other pieces of evidence to prove the legality in the country* and customs clearance documents for exit from the exporter's countries and entry into importer's country.
- Companies should be responsible for obtaining permits for timber species listed in the appendices of the Convention on International Trade in Endangered Species of Wild Fauna & Flora (CITES).
- To meet these responsibilities, forest and timber companies and traders in ASEAN will ask their

Report to the Members

suppliers to provide information and documents that verify the legality of the exported timber and timber products and implement effective measures to assess and mitigate any legality risks.

The workshop also discussed priority activities in supporting the work plan for FLEG in ASEAN and possible future activities & other matters.

A technical visit was made to Tanggam Design Center arranged by the Malaysian Timber Industry Board.

Participants from the ASEAN Working Group on Forest Products Development (AWG FPD), AFPIC members and private sector members of eight (8) ASEAN Member States (Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Thailand and Vietnam) joined the ASEAN Secretariat (ASEC), the MTIB and the Facility in the public-private workshop.

On CSR & Related Events

PWPA Participates to the Technical Forum on Effective Governance Towards Sustainable Forest and Natural Resources Development and Management

The Philippine Wood Producers Association (PWPA), Inc. participated in the Technical Forum during the 108th Alumni Homecoming of the University of the Philippines at Los Banos (UPLB) College of Forestry and Natural Resources (CFNR) last April 19, 2018 at the Nicolas P. Lansigan Auditorium, UPLB CFNR, College, Laguna.

This is in line with the Sustainable Forest Management Act (SFMA) Bill still pending in Congress and the Federalism bill which is also being discussed in the Congress.

Five topics were presented by different experts and were given reactions and discussion by another set of experts. The following were the topics, the speaker and the discussants.

Topic	Speaker	Discussant
Topic 1. Sharing of Responsibility on NRM under Federalism or Devolution	Atty. Marlon J. Manuel National Coordinator of the Alternative Law Groups	Atty. Roberto V. Oliva Former Executive Director, ASEAN Center for Biodiversity
Topic 2. Governance for Natural Resources Management (NRM) Using the Watershed Continuum Approach	Dr. Ernie S. Guiang Chief of Party USAID—funded Protect Wildlife Project	Dr. Rex Victor O. Cruz Professor, CFNR-UPLB
Topic 3. Best Practices in Watershed Management and Development through Multi Stakeholder Collaboration	Dr. Jessica C. Salas Secretary, PWMC	Dr. Antonio P. Contreras Professor, De La Salle University Manila
Topic 4. Forest Management Unit (FMU) approach in Natural Resources Management: The CBFMA and IFMA Models	For. Nonito M. Tamayo Director, Forest Management Bureau Department of Environment and Natural Resources	Dr. Manuel L. Bonita International Consultant
Topic 5. Reflections on the Restructuring and Empowerment of the Forest Management Bureau into a Line Bureau		

Report to the Members

The discussion provided important inputs in the SFM bill that is being consolidated at present. One of the important recommendation is to check how the bill will be adoptable when federalism will be implemented. The management system of the forestry sector is also one of the important discussion during the Forum.

The discussion was synthesized by Atty. Eleno Peralta, a forester and professor of UPLB CFNR.

PWPA joins the SFFI Annual National Conference

The Philippine Wood Producers Association (PWPA), Inc. joins the Annual National Conference of the Society of the Filipino Foresters, Inc. (SFFI) last October 25-27, 2018 at Puerto Princesa Coliseum, Puerto Princesa, Palawan.

The theme of the 2018 SFFI National Conference is Forestry Recalibrated which will try to present the true value of the forest in terms of realizing its social, environmental and economic impact.

With the theme, the SFFI have developed a program that will enlighten and provide all foresters the knowledge on how to share with their colleagues, friends, families, among the true value of the forest and that forest is life.

Five modules were developed and different experts made a presentation on said modules, as follows:

<p>Module 1: Forestry in Federalism</p>	<p>Presentation 1.1 – The Proposed Federal Government System, Atty. Harry Roque, Presidential Spokesperson, Malacanan Palace</p> <p>Presentation 1.2 – Forestry Management under the Proposed Federal Government System, Dr. Antonio Contreras, Full Professor, Political Science Department, College of Liberal Arts De La Salle University</p> <p>Presentation 1.3 – Forestry Under the Bangsamoro Organic Law Discussion/Open Forum, Sec. Hadji Kahal Kedtag, Secretary, DENR - ARMM</p>
---	---

	<p>Facilitated by For. Kharis Maranda, President - SFFI Northern Mindanao Regional Council</p>
<p>Module 2: Investment Opportunities in Forestry</p>	<p>Presentation 2.1 - Data Science in Forestry: The Forestry Situationer, Dr. Peter Tiangco, Administrator - NAMRIA represented by Ms. Rijaldia Santos, Director – NAMRIA</p> <p>Presentation 2.2 – Forestry Investment Roadmap (FIRM), For. Nonito Tamayo, Director, FMB – DENR represented by For. Jesus Javier, Division Chief - FIDD, FMB</p> <p>Presentation 2.3 – Sustainable Wood Production, Mr. Charlie Liu, President – PWPA represented by For. Maila Vasquez, Executive Director - PWPA</p> <p>Presentation 2.4 – Biodiversity & Ecotourism, Dir. Crisanta Marlene Rodriguez, Director, BMB – DENR represented by Norma Molinyawe, Chief, National Parks Division - BMB</p> <p>Facilitated by For. Joey Austria, President – SFFI NCR Regional Council</p>

Report to the Members

<p>Module 3. Enabling Mechanisms supporting FIRM/SFM</p>	<p>Presentation 3.1 – Forestry Policy & Research Directions supporting the FIRM, ASec Ricardo Calderon, Assistant Secretary for Staff Bureaus DENR represented by For. Thomas Ray Kabigting, Head Technical Staff, ASEC for Staff Bureaus - DENR</p> <p>Presentation 3.2 – Forest Management Units in Sustainable Forest Management, Dr. Manuel Bonita, International Forestry Consultant</p> <p>Presentation 3.3 – The National Forest Certification System, Dr. Priscila Dolom, Director, FDC</p> <p>Presentation 3.4 – Implementing Rules and Regulation of EO 318 (Promoting Sustainable Forest Management in the Philippines), For. Noel Tolentino, Study Leader - FDC</p> <p>Facilitated by For. Sofio Quintana, Director - ERDB</p>
<p>Module 4: Financing SFM Investments</p>	<p>Presentation 4.1 – Strengthening the Community-based Forest Management Strategy Towards Sustainable Forest Management, Dr. Ernesto Guiang, Chief of Party – Protect Wildlife Project – USAID</p> <p>Presentation 4.2 – Establishment of a Sustainable Forestry Development Fund, For. Marlo Mendoza, Assistant Professor, SFFG, CFNR – UPLB</p> <p>Presentation 4.3 – DBP Financing Windows on SFM, Dr. Rolando Metin, Board Member – Development Bank of the Philippines represented by James Paul Caoili, Account Officer, DBP Cavite Palawan Lending Center</p> <p>Presentation 4.4 – The FAO-EU-FLEGT Programme, For. Karl Villegas, National Forestry Specialist – FAO, Philippines</p>

<p>Module 5: Professional Development in Forestry</p>	<p>Presentation 5.1 - Continuing Professional Development Operating Guidelines, For. Neria Andin, PRB Chairperson – Professional Regulation Commission</p> <p>Presentation 5.2 – Career Development Program for Foresters, Dr. Willie Abasolo, Dean, CFNR-UPLB & Member CPD Council for Foresters</p> <p>Facilitated by For. Eriberto Sanos, CENRO, DENR, MIMAROPA Region</p>
<p>Special Presentation</p>	<p>Re-vegetation of Tailings Soil Using Local and Native Grasses, Shrubs and Tree Species, Mr. Briccion Abela – Coral Bay Nickel Corporation</p>

The SFFI also launched their Audio Visual Production (AVP) campaign video entitled Forest is Life.

To assist the Filipino foresters in the renewal of their licenses, the national conference was given 15 CPD units by the PRC Board for Foresters.

PWPA Attended the Manufacturing Summit

The Department of Trade and Industry, Philippine Board of Investments in cooperation with the Federation of Philippine Industries organized the Manufacturing Summit of 2018 last November 22-23, 2018 at the PICC Hall, Manila. It was attended by more than 300 participants from the government, media, industry association and manufacturing companies.

The event was opened by BOI Executive Director Ma. Corazon Halili-Dichosa and FPI Chairman Jesus Aranza.

DTI Secretary Ramon Lopez gave the keynote speech. He talked about the championing of the small and medium enterprise, product quality and standards, the rationalization of fiscal incentives through the Trabaho Bill, among others. He said that manufacturing is a key driver for inclusive growth as it provides sustained number of jobs. He also mentioned that they are working closely with the Department of Finance for the smooth transition once the bill becomes law.

Report to the Members

There were 6 Modules for the event which tackled information and updates about the manufacturing sector, as follows:

<p>SESSION 1: Modernizing Investment Incentives for Industrial Upgrading and Inclusive Growth</p>	<p>HB8083: Why we need the TRABAHO Bill in Creating Jobs & Improving the Economy Rep. Dakila Cua, Vice Chair, Committee on Ways & Means, House of Representatives</p> <p>How Can the Comprehensive Tax Reform Program Package 2 (TRABAHO) Help Businesses Usec. Karl Chua, Strategy, Economics, and Results Group, Department of Finance</p> <p>Strategic Investment Priorities Plan (SIPP): Supporting the Growth and Development of Industries</p> <p>Asec. Rafaelita Aldaba, Industry Development & Trade Policy, Department of Trade and Industry</p> <p>Panel Discussion / Q&A Moderator: Atty. Tony Abad Panelists Asec. Rafaelita Aldaba, DTI; Usec. Karl Chua, DOF; Mr. Calixto Chikiamco, FEF; Mr. Meneleo Carlos, Jr., FPI; Dr. Ramon Clarete, UPSE; Mr. Roberto Batungbacal, Dow Chemical</p>
<p>SESSION 2: Philippine Trade Policy Amidst Tensions in World Trade</p>	<p>Trade Wars and Protectionism: Implications for the Philippines Dr. Abdul Abiad, Economic Advisor, Asian Development Bank</p> <p>Philippine Trade Policy and Strategies Usec. Ceferino Rodolfo, Industry Development & Trade Policy, Department of Trade and Industry</p> <p>Panel Discussion / Q&A Moderator: Atty. Tony Abad Panelists Usec. Ceferino Rodolfo, DTI; Dr. Abdul Abiad, ADB OIC-Dir. Bien Ganapin, NEDA; Dr. George Manzano, UA&P Atty. Adrian Cristobal, Jr., FPI; Mr. Sergio Ortiz-Luis, Jr., PhilExport</p>

<p>SESSION 3: Advancing a Modern and Innovative Manufacturing Sector</p>	<p>Ease of Doing Business and Competitiveness Asec Mary Jean Pacheco, Competitiveness & Ease of Doing Business Group, Department of Trade and Industry</p> <p>Panel Discussion / Q&A Moderator: Atty. Tony Abad Panelists Asec Mary Jean Pacheco, DTI; Ms. Emmanuelita Mendoza, DENR OIC-Usec Mark de Leon, DOTr; Asec. Marivel Sacendoncillo, DILG* DG Nela Charade Puno, FDA; Mr. Ernesto Ordonez, PCAFI</p>
<p>SESSION 4: Industry 4.0: Opportunities, Manufacturing Digital Transformation, and Best Practices</p>	<p>Digital Transformation and the Future of Manufacturing: Implications for Business and Government Dr. Olga Memedovic, Deputy Director, Department of Trade, Investment and Innovation, UNIDO</p> <p>Preparing for 4IR: How SMEs can adopt Industry 4.0 in their operations Dr. Satish Lele, Senior Vice President, Visionary Innovation, Frost & Sullivan</p> <p>Leapfrogging to Industry 4.0 and Innovation: Opportunities and trends, manufacturing transformation, and role of government and business Mr. Henry Ling, Global Director for Asia Pacific Operations, The Dow Chemical Company</p> <p>IMI's Innovation and Upgrading Journey: How Changes were Implemented Across the Organization Mr. Arthur Tan, President & CEO, AC Industrials</p> <p>Panel Discussion / Q&A Moderator: Coco Alcuaz Dr. Olga Memedovic, UNIDO; Dr. Satish Lele, Frost & Sullivan; Mr. Henry Ling, The Dow Chemical Co.; Mr. Arthur Tan, AC Industrials Dr. Gonzalo "Al" Serafica, USAID-STRIDE; Asec. Alex Avila, DOLE</p>

Report to the Members

<p>SESSION 5: Innovation and Upgrading in Philippine Industries</p>	<p>New Technologies and Impact on Jobs Dr. Josef Frohlich, Vienna University of Economics and Business</p> <p>Engineering Services Outsourcing: Prospects and Potentials in the Philippines Mr. Ashim Sharma, Division Head, Nomura Research Institute Consulting and Solutions India</p> <p>Electric Vehicles: Opportunities and Challenges for the Philippines Dr. Satish Lele, Senior Vice President, Visionary Innovation, Frost & Sullivan</p> <p>Panel Discussion / Q&A Moderator: Dr. Richard Abendan Asec Alex Avila, DOLE; Dr. Dan Lachica, SEIPI Mr. Ashim Sharma, NRI; Dr. Satish Lele, F&S Prof. Josef Frohlich, VU; Dr. Bienvenido Biona, DLSU</p>
<p>SESSION 6: Philippine Manufacturing Pulse Amidst Tax Reforms, Trade Tensions and Industry 4.0</p>	<p>Analysis of the State of the PH Economy and Manufacturing: Future Landscape and Emerging Key Trends Mr. Dennis Lapid, Deputy Director, Monetary Policy Research Group Department of Economic Research, Bangko Sentral ng Pilipinas</p> <p>Sustaining Manufacturing Resurgence: Forecasts and Prospects Dr. Alvin Ang, Director, Ateneo Center for Economic Research and Development</p> <p>Philippine New Growth Trajectory: Manufacturing as Main Driver of Economic Transformation Dr. Jesus Felipe, Advisor, Economic Research and Regional Cooperation Department, ADB</p> <p>Panel Discussion / Q&A Moderator: Dr. Ronald Mendoza Asec. Angelo Taningco, DTI; Asec. Antonio Lambino, II DOF A/Dir. Richard Ballester, NEDA; Mr. Dennis Lapid, BSP Dr. Alvin Ang, ACERD; Dr. Jesus Felipe, ADB Atty. Adrian Cristobal, Jr., SteelAsia; Dr. Joseph Anthony Lim, ADMU</p>

PWPA joins SFFI in a Meeting with Senator Angara and His Policy Staff

The Society of Filipino Foresters, Inc. (SFFI) arranged a meeting with Senator Juan Edgardo “Sonny” Angara last November 28, 2018 with the objective of updating and requesting him to be one of the champions of the Sustainable Forest Management Act (SFMA) Bill in the Senate.

SFFI President Tommy Valdez and staff together with PWPA ED Maila Vasquez met with Senator Angara’s policy staff, Mr. Bernard Jose Patalinghug, due to an unavoidable meeting that the Senator must attend. President Valdez informed him that the House Committee on Natural Resources has already approved the SFMA bill and that there might not be a success in having it pass this Congress but the exercise is good considering that the civil society was part of the group that drafted the bill and the relationship with the other stakeholders have been built and strengthened.

Mr. Patalinghug shared with the group that he is glad to learn that the industry is also active in pushing for the passage of the bill as his father worked in PICOP and he spent part of his life staying in the housing with his father. He expressed his sadness with what happened to it.

He agreed to the observation of SFFI President Valdez and said that though the Senate has not made the bill its priority, meeting different Senators will help in building relationship in the Senate. He said they can still help in setting/coordinating meetings and the like but the decision in coming up priorities still lies with the Committee Chair.

SFFI President Valdez thanked Mr. Patalinghug for meeting the team. He also gave him a copy of the AVP campaign Forest is Life.

The Association & Members

PWPA Members with IFMA Meets

The Philippine Wood Producers Association (PWPA), Inc. member holding Integrated Forest Management Agreement Licenses met to discuss their position on the suggestion of no cutting whether in natural, residual or plantation forests last January 9, 2018 at the PWPA Executive room in Makati City.

Report to the Members

Chaired by PWPA Vice Chair Ramon Y. Uy, he requested the members to give their views and opinions on the above suggestion so the PWPA will be able to make a position paper on the issue.

After getting the views and opinions of the PWPA IFMA holder-members present during the meeting, they opined that disallowing the harvesting of trees in plantation forests is not feasible because of the following:

- PWPA members are not only the one involved in developing tree plantations. There are others like the CBFMA holders, private land owners and the indigenous peoples. There are also people who develop their own plantation as raw materials for their business;
- Farmers and other developers who are expecting to harvest their plantations in two to four years' time will be discouraged to plant again;
- Investors may gain be discouraged to invest in the country;
- It will hamper inclusive growth.

With the reasons above, the PWPA maintains its position to encourage the development of tree farms and tree plantations. However, the PWPA also agrees that a study on it by a third party with a different insight is also a good learning initiative.

Communication Plan Inked. The Philippine Wood Producers Association, Inc., represented by Chairman Charlie H. Liu and Treasurer Paul Levi L. Sy, signed an engagement contract with the Grupo Agatep represented by Business Unit Director Cham Loreto last July 31, 2019.

PWPA Joins Mid-Term Evaluation of the EU-FAO FLEGT Programme in the Philippines

The Philippine Wood Producers Association (PWPA),

Inc. joined the mid-term evaluation of the implementation of the EU-FAO FLEGT Programme in the Philippines last August 15 & 16, 2018 at FAO PH Office, Rockwell Business Center, Mandaluyong City.

The renewed FAO-EU FLEGT Programme now being implemented will run from 2017-2020 and it is designed to ensure more strategic and consolidated delivery as well as full engagement of the different segments of the forestry sector in the country.

A technical working group on wood (TWGW) was created to facilitate the implementation of the Programme chaired by the Forest Management Bureau and co-chaired by the Philippine Wood Producers Association, Inc.

During the mid-term evaluation of the Programme, FAO consultants Tom Blomley and Abidah Setyowati together with For. Karl Villegas of FAO PH explained the rationale of the activity they are conducting and said that it is to review the implementation of the Programme; to know the difficulties/challenges and how the Programme can be improved.

PWPA, Philippine Center for Environmental Protection and Sustainable Development, Inc., Society of Filipino Foresters, Inc. and Forestry Development Center shared their views, comments and suggestions to the consultants who were very much appreciative of them.

There are similar comments on the funding being spread out thinly to so many activities in the FAO-EU FLEGT roadmap that was created during the initial Multi-stakeholder workshop conducted at the first phase of the Programme. Suggestion to focus the work on one or two activities that will cause the achievement of the other activities.

The consultants thanked everyone for the views, comments and suggestions and said that they have taken note of them and will be included in their final report.

The EU-FAO Forest Law Enforcement, Governance and Trade (FLEGT) Programme overall objective is to tackle illegal logging, promote trade in legal timber products which will ultimately contribute to sustainable forest management (SFM) and poverty reduction. The programme supports the global EU-FLEGT Action Plan and finances demand driven initiatives by government institutions, private sector and civil society organizations.

The Programme realizes the need to promote private sector in the development of sectoral strategies and to achieve legality and sustainability in forest production and commerce. Further, it was also realized the need

Report to the Members

to focus on fewer countries and to consolidate programme support and ownership in countries with no established multi-stakeholder Voluntary Partnership Agreements (VPA) process and roadmap.

PWPA Attends Pre-Wood Summit Meeting

The Philippine Wood Producers Association (PWPA), Inc. attended the pre-wood summit meeting last August 16, 2018 at the Forest Management Bureau (FMB) Conference Room, Quezon City

The meeting was chaired by Department of Environment and Natural Resources Forest Management Bureau (DENR FMB) Director Nonito Tamayo who thanked everyone for attending the meeting and informed the attendees that FMB will conduct the first Sustainable Forest Management Summit: The Role of the Wood Industry in Nation Building.

He said that the Summit was originally scheduled on October 30, 2018 however, due to limited time of preparation, they are re-scheduling it on November 7, 2018.

DENR Asst. Secretary Ric Calderon, who is also present during the meeting, said that it will be the venue where the industry can have an audience to DENR Secretary Roy Cimatu. He said this is similar to the one conducted by the Land Management Bureau where Secretary Cimatu met all stakeholders in the land sector.

ASEC Calderon said that this will be the chance that Secretary Cimatu will meet the stakeholders of the sector and will realize that the industry is not a small sector like he imagined. He said that the Summit will also be a way of reviewing the Executive Order # 23, s. 2011.

Dir. Tamayo presented the draft flow of the program and requested for the comments of the different stakeholders present.

Part of the program is for each sector of the industry to present themselves and provide the Secretary with information on how the industry, if revived, will contribute to nation building.

To make the Summit more productive and efficient, Dir. Tamayo and Asec Calderon requested each representative to develop their position paper and another meeting will be called to agree on the points that will be presented to the Secretary as a unified wood industry position.

Stakeholder's representatives shared their views and opinions on the coming Summit and have given their support as they said that this event may be the one that will show how important the industry to a country.

They agreed to prepare their position papers which will be basis for the unified position to be presented to the Secretary.

Representatives from the Society of Filipino Foresters, Inc., Philippine Wood Producers Association, Inc., Integrated Forest Management Association of the Philippines and Community-Based Forest Management Federation attend the pre-summit meeting.

PWPA Continues to Participate in the Technical Committees for Philippine Standards

The Philippine Wood Producers Association (PWPA), Inc. joins the different technical committees (TC) that deliberate on the different product standards. The different TCs are tasked to develop standards needed by the industry. These standards maybe home grown where the Philippines create its own or adopt the standards set by the International Standards Organization.

The different TCs where PWPA participates are as follows: a) TC on Wood-based Panels (TC 35) where PWPA sits as Vice Chair; b) TC on Forest & Forest Products (TC 78), PWPA is the chair; c) TC on Lumber and Timber Products (TC 22), still for reactivation.

List of Regular Members

Region II

Liberty Logging Corporation

Mr. Wilson Lim
Triumph Building, Quezon Avenue, Quezon City, M. M.
Tel: (+63-2) 926-7901 to 02 / 926-7960
Fax: (+63-2) 926-7937
Services: IFMA Holder

Region III

Elco Wood Processing Corporation

Mr. Juan L. Santiago
Km 29, MacArthur Highway, Balagtas, Bulacan
Tel: (+63-44) 693-2703 (Bulacan Office)
(+63-2) 711-2204 (Manila Office)
Fax: (+63-44) 693-2633 (Bulacan Office)
(+63-2) 731-3852 (Manila Office)
Services: Sawmill Operator

Excel Wood Industries, Incorporated

Mr. Felix L. Sy
9071 McArthur Highway, Brgy. Bunlo, Bocaue, Bulacan
Tel: (+63-44) 664-4693
Fax: (+63-44) 769-4346
Services: Importer

Genmart Wood Development Corporation

Mr. Lorenzo Sy / Mr. Paul Levi L. Sy
No. 0617, Bo. Lambakin, Marilao, Bulacan
Tel: (+63-2) 899-6134 / 899-6127
Fax: (+63-2) 857-2365
Services: Lumber Dealer

Pacific Timber Export Corporation

Mr. Fernando A. Lu
UDC Compound, Brgy. Malhacan, Meycauayan, Bulacan
Tel: (+63-44) 228-5106 / 769-9338 / 769-9340
Fax: (+63-44) 519-4157
Services: IFMA Holder/Sawmill Operator

Worldwood Trading Corporation

Mr. Calvin T. David
No. 231, Km. 28, Barangay Wakas, Bocaue, Bulacan
Tel: (+63-44) 365-8829 (Bulacan Office)
(+63-2) 365-6575 / 456-3451 (Quezon City Office)
Fax: (+63-2) 456-3451 (Quezon City Office)
Services: Importer

Region IV-A

Filtra Timber (Philippine & Scandinavian Design, Filtra Inc.)

Mr. Per Stangegaard
Patiis Road, Barangay Guinayang, San Mateo, Rizal
Tel: (+63-2) 570-5750 (Rizal Office)
(+63-2) 478-6888 (Makati Office)
Fax: (+63-2) 570-5750 (Rizal Office)
(+63-2) 478-6688 (Makati Office)
Services: Sawmill Operator/Importer

Mt. Banahaw Wood Industries, Incorporated

Mr. Rafael Y. Tantuco
Km. 114, Maharlika Highway, Barangay Sto. Cristo, Sariaya, Quezon
Tel: (+63-42) 525-8881 (Quezon Office)
(+63-2) 361-8079 (Quezon City Office)
Fax: (+63-42) 525-8303 (Quezon Office)
